

# Counting Exercises

Instructions: Count the total activity items.

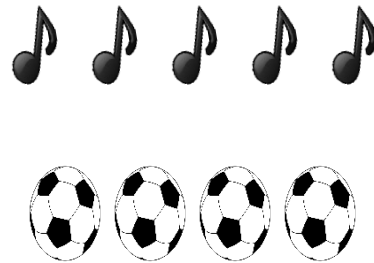

\_\_\_ musical notes + \_\_\_ soccer balls  
= \_\_\_ Total of all activity items

\_\_\_ musical notes + \_\_\_ soccer balls  
= \_\_\_ Total of all activity items

\_\_\_ musical notes + \_\_\_ soccer balls  
= \_\_\_ Total of all activity items

\_\_\_ musical notes + \_\_\_ soccer balls  
= \_\_\_ Total of all activity items

## Word Problems:

1. Abbey counted 8 soccer balls at the beginning of practice, but the coach noticed that only 3 soccer balls were left at the end of practice because another team in an older division had borrowed some of their equipment. How many soccer balls did the other team borrow for their practice? \_\_\_\_\_
2. Abbey was practicing piano and learning to read music. The musical coach showed her a sequence of 10 musical notes to play a song and added a series of 8 more notes to it. Playing the total notes together created a song. How many total notes did she have to play on the piano for the song? \_\_\_\_\_
